Hello Doug,

Thanks for your note. I'm glad that you're consulting with additional experts. We appreciate your diligence, and your checking back with us. September 22 is fine with us.

Best wishes for a great Labor Day Weekend.

Bob,

Hope all is going well. After our most recent meeting on August 11th we committed to having a response to you by September 15th. I want to assure you we have been working diligently to meet this deadline. We have retained Foster Wheeler's Salt Lake City office, which is their center of excellence for Incineration to visit our facility and evaluate HEPA filtration. They are currently preparing a report for us. Our folks had what was reported to me as a very good conference call with your folks with regard to the final FAP. I would like to request that this deadline be extended one week to September 22nd. I believe the extra week will help us produce a better product. Let me know if this is acceptable and have a Good Labor day weekend
